

Quality Policy

The SKCAC Industries and Employment Services quality policy is to consistently provide products and services that meet or exceed customer requirements.

Our focus is to maximize customer satisfaction through continuous quality improvement, establishing and regularly reviewing meaningful quality objectives, and maintaining a safe and healthy work environment.

Our quality objectives are:

- To consistently support our customers with defect free products
- To consistently support our customers with on time delivery
- To continually improve the consistently identifying and eliminating the causes of non-conformance

The Quality Standards policy for conformance has been reviewed with you and outlined in the SKCAC Quality Standards Manual.

If you have any questions, concerns or need clarification, please see your direct supervisor, Production Manager.

Please acknowledge your receipt of this information and that you have read it completely and will comply with its contents. If you need assistance, SKCAC staff will provide assistance.
